Driver Training Requirements:

1. Provincial (N or higher) or State driver's licence that you have held for a minimum of 6 months (must be produced at registration)
2. **Snell Foundation approved helmet SA95 or newer, must be in very good condition and must be shown at tech.**
3. **Cars must have passenger seat & minimum three point seat belts on both seats.** Convertibles & open cars must have CACC approved (race approved) roll bars. No trucks or minivans are allowed. Vehicles without proper seating and/or restraint systems for both front seats are not permitted.
4. Liability waivers must be signed. ***Note: Your ICBC insurance coverage is not valid while you are on the track.**
5. The RDC reserves the right to refuse entries and suspend participation at any time.
6. All fluids must be taken from the track. Bring containers if you are going to be bleeding brakes or changing fluids.
7. Vehicles will be inspected and **must be in sound mechanical condition and fully muffled to allow normal conversation in the vehicle.** Loose articles must be removed.
8. **Cars must be equipped equally for both driver & passenger safety and comfort.** Roll bars must be padded where contact is possible.
9. Spare front brake pads are recommended.
