Race Points and Group Championship Policy

That the SCCBC replace the existing club race points and group championship award system with that defined in the ***Race Points and Group Championship System*** section below.

Race Points and Group Championship System

The points system defined herein is for the calculation of annual SCCBC Championship awards only. Trophies for specific events are determined and awarded by the licencing body (either CACC or ICSCC).

Definitions

Competitor	A racer who is properly licensed and who enters an SCCBC race.
Member	A member of the SCCBC whose dues are paid and is good standing at the time of the race.
Entrant	A Competitor who is registered for entry in the race and has passed Technical Inspection and cannot receive a refund on their entry fee as they have entered the track in a practice, qualifying or race session and have crossed the start/finish line.
Starter	An Entrant who takes the green flag to start the race.
Finisher	An Entrant who takes the chequered flag, or who completes no less than 50% of the number of laps completed by the overall race winner. When the winner completes an odd number of laps the required number of laps will be rounded down.
